

Scooter Route Golders Hill Park

On the northerly edge of Hampstead Heath, Golders Hill Park may be small in comparison to its neighbour but it certainly packs a punch in terms of things to see and do.

- 1 Golders Hill Park Café - fuel up before starting your scooting adventure.
- 2 Walled Garden - small but beautiful, look out for the Golders Girl statue on your way in.
- 3 Golders Hill Bird Pond - How many different types of waterfowl can you spot?
- 4 Golders Hill Park Zoo - No, you're not seeing things, that is a lemur in the park! Free, small city zoo.
- 5 Deer Park Enclosure - the wildlife safari continues with Fallow Deer.
- 6 Play area.
- 7 Hill Garden & Pergola - A secret garden and quite the photo opportunity.
- 8 Return to the Golders Hill Park Café.

Suitable for Families
